

BEST PRACTICE-I

Title of the Practice: Multifaceted development of the students through a number of scholastic and co-scholastic activities

The Context that required initiation of the practice: A carefully and wisely framed educational programme focuses on preparing students to meet any challenges they may face in life and in their academic career where teachers play a key role. A teacher has an impact on the growth and well-being of child as well as society. Moreover, teaching job is a great responsibility than a mere job. Therefore, a teacher should have a balanced personality in terms of his intellectual, emotional, social, physical, artistic, creative and spiritual potentials. As ours is a teacher education institution so it focuses on the holistic development of the student teachers through the active functioning of various clubs.

Objectives of the Practice

- To equip the prospective teachers with necessary pedagogic skills
- To develop the capacity to extend the available resources by means of improvisation of instructional facilities
- To increase the ability to make healthy adjustment with the environment of the institution
- To familiarize the future teachers with all that is latest in education
- To enable the student teachers to own responsibility towards community
- To instil a deep feeling of commitment to values
- To make the student teachers fit and fettle to face the struggle of life

The Practice
